

DEFINING
MOMENTS

MOVING FORWARD

A NOTE FROM REID ROBINETTE

When we began the Defining Moments capital campaign three years ago, we asked you to consider making a sacrificial pledge, over and above your regular giving, to help us launch our second campus in Hampstead. And you embraced the challenge! Three years later, your faithfulness has not only renovated a building, but more importantly has enabled Crossroads Community Church to lead **even more** people to life changing faith in Jesus Christ.

These are still the early days of Crossroads! From what I understand about God, He is interested in all churches growing so that “none should perish.” You and I have the amazing opportunity to trust God to do just that in our community. Our ten-year vision is to be one church with one mission, growing in two directions: expansion of worship communities and creation of new missions initiatives.

Even as we welcome our newest campus, Crossroads Restoration, into our family, and as we prepare to launch a fourth campus in Eldersburg, we want to invite you to join us in extending and expanding God’s Kingdom in our community.

Will you prayerfully consider how you will become a part of our next Defining Moment?

OUR DEFINING MOMENT

We were out of space!

In the Fall of 2014 at our Westminster Campus, three weekly services averaged just under 1,000 people. While we were reaching into the heart of Carroll County, we knew our limited space at optimal inviting hours made it nearly impossible to continue inviting people to hear the Gospel and experience community.

So you built a second campus in Hampstead through our three-year Defining Moments capital campaign! In 2014, you pledged just over \$1.2 million dollars. Over the next three years, \$1,115,151 was given over and above your regular offering. You not only invested in a building for our Hampstead campus, but you also grew the staffing and central support teams to support our new multi-campus approach to ministry.

At the same time, you launched Crossroads Counseling Center to provide Christ-centered counseling. You created a men's residential addiction recovery program. You distributed thousands of pounds of food to shelters and food pantries in Maryland and Pennsylvania. And you sent over 10,000 bikes to Nicaragua to support ministry through NicaWorks!

Most importantly, over the last three years, you reached out and changed lives.

And the best is yet to come...

"Where once stood an old, abandoned sewing factory, there is now life! On any given Sunday, people meet friends in a lobby. In the auditorium, a man may sing his first worship song or a mother hears scripture come to life. Down the hall students are laughing with hearts opening to receive the truth of a loving God. This is the miracle of God that began as a pen scratch on a pledge card four years ago, and this miracle continues as God authors our extraordinary journey as a church!"

- Jim Powell, Hampstead Campus Pastor

10,000 REASONS TO MOVE FORWARD

*"If we are constantly obedient to
God's direction, we will be
successful. The outcome is
completely up to Him."
-Reid Robinette, Senior Pastor*

In order to continue moving forward, we took a step back and listened to God, and we asked Him to guide our direction. After much prayerful consideration, God has made it clear that Crossroads Community Church is to be one church, growing in two directions! We want to lead 10,000 people in our area to life changing faith in Jesus Christ and touch 10,000 people across the world with our missions affiliates.

We invite you to join our next Defining Moment. Would you help us reach our 2018 goal of \$335,000 by contributing above and beyond your regular giving to support the following projects:

Nica Works!

\$10,000

Provide well and irrigation for our model farm in Veracruz, Nicaragua.

Eldersburg

\$75,000

Provide portable technical and ministry equipment to extend our inviting opportunities into a new community.

Restoration

\$25,000

Renovate current space to support community outreach and improve accessibility.

Hampstead

\$75,000

Renovate previously unimproved space to create additional space for our student environments.

Westminster

\$75,000

Upgrade our children and student environments to relieve immediate pressure points and support continued growth.

Technology Upgrades

\$75,000

Upgrade the technology infrastructure and systems at every campus to enhance the worship experience and prepare for growth.

HOW YOU CAN HELP

1. Pray regularly for Crossroads Community Church, our next steps, our leadership team and the vision God has entrusted to us.
2. Listen to God's promptings about how you might participate in our next steps through prayer, volunteering, contributing above and beyond your regular giving and offering gifts in kind.
3. Give as God prompts you, perhaps even giving sacrificially to these projects. Become a financial participant in the work God is doing in Carroll County.

Visit crossroads140.com/definingmoments to view ways to give and establish a giving plan, or complete a commitment card at any of our campuses.
